

## SVS - Akut/Ordinationslabor Parameter: Ab 1.1.2020

### Akutlabor-Parameter

| Position                        | Fachgebiete |       |        |       |     |        |     |
|---------------------------------|-------------|-------|--------|-------|-----|--------|-----|
|                                 | AM          | Derma | Kinder | Lunge | Uro | Innere | Gyn |
| BB 1.01                         |             |       | x      |       |     |        |     |
| INR, TPZ, Thrombotest 2.04/2.05 | x           |       | x      |       |     | x      |     |
| D-Dimer, 2.09                   | x           | x     | x      | x     | x   | x      | x   |
| BZ 3.01                         | x           |       | x      |       | x   | x      |     |
| Bilirubinbestimmung, 3.07       |             |       | x      |       |     |        |     |
| Direkt, indirekt Bilirubin 3.08 |             |       | x      |       |     |        |     |
| Kalium 3.16                     | x           |       |        |       |     |        |     |
| chem. Harnbefund, 5.01          | x           | x     | x      | x     | x   | x      | x   |
| Streifentest im Harn 5.02       | x           | x     | x      | x     | x   | x      | x   |
| Harnsediment 5.03               |             |       | x      |       | x   |        | x   |
| CRP 11.25                       | x           |       | x      | x     |     | x      |     |

### Ordinationslabor-Parameter

| Position                          | Fachgebiete |       |        |       |     |        |     |
|-----------------------------------|-------------|-------|--------|-------|-----|--------|-----|
|                                   | AM          | Derma | Kinder | Lunge | Uro | Innere | Gyn |
| BB 1.01                           | x           |       |        | x     |     | x      |     |
| Kalium 3.16                       |             |       |        |       |     | x      |     |
| GOT 4.07                          |             |       | x      |       |     |        |     |
| GPT 4.08                          |             |       | x      |       |     |        |     |
| Troponin T oder Troponin 4.20     | x           |       |        | x     |     | x      |     |
| Harnsediment 5.03                 | x           |       |        |       |     |        |     |
| Stuhl auf okkultes Blut 7.02      | x           |       | x      |       |     | x      |     |
| Nativpräparat 12.01               |             | x     |        |       |     |        |     |
| Kultur auf Pilze 12.07.           |             | x     |        |       |     |        |     |
| Keimzahlbestimmung 12.12          |             |       |        |       | x   |        |     |
| A-Streptokokken Schnelltest 12.93 | x           |       | x      |       |     |        |     |
